

School Spotlight Series - LKEC

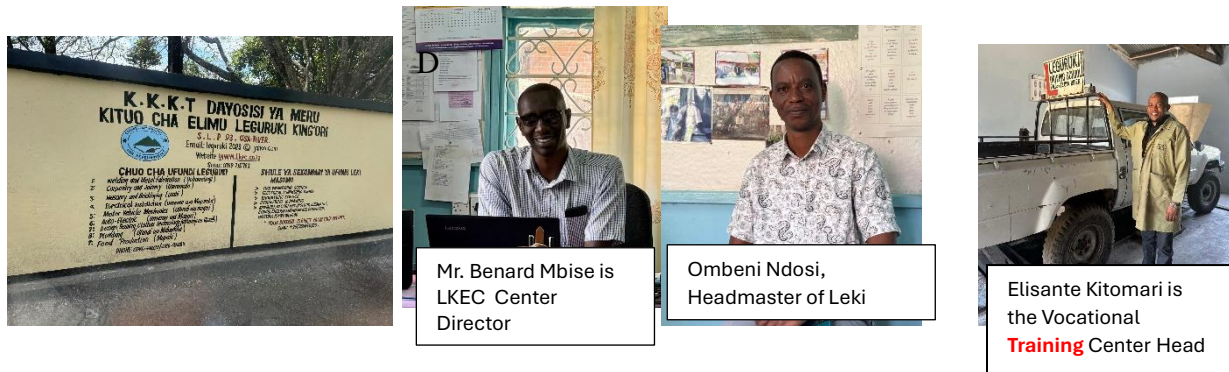

Day 1 The Leguruiki King’ori Education Center (LKEC) is in the Eastern District near the village of King’Ori with a total student population of 223. Leki Secondary School (established in 2004) has 148 students and Leguruiki Vocational Training Center (established in 1972) has 75 students. 33 staff members live with the boarding students on the 150-acre grounds.

Day 2 - Leguruiki Vocational Training Center offers quality vocational courses to develop skills for future employment. They offer classes in welding, carpentry, masonry, auto mechanics, plumbing, solar panel installation, tailoring, and food service. Leki Secondary School offers all the academic subjects required for Forms 1-4. They also have tech subjects including Engineering Science, Civil Engineering, Electrical Engineering, and Technical Engineering (graphic arts) the only such school in Meru to offer them. Mr. Benard Mbise is the LKEC Director. Ombeni Ndosu is the Headmaster of Leki Secondary School, and Mr. Elisante Kitomari is the Vocational Training Center Head.

Mr. Benard Mbise is LKEC Center Director

Ombeni Ndosu, Headmaster of Leki

Elisante Kitomari is the Vocational Training Center Head

The names and programs of this institution can be confusing, that is why I've made the suggested changes to include their full names.

Day 3 - Leki Secondary School and Leguruiki Vocational Training Center experience coursework that is theoretical and practical. They take preparation for the national exams seriously. Students are able to produce projects to reduce school fees like designing and tailoring the school uniforms and completing carpentry projects.
